ARC/Staff Report

Board meeting May 1, 2024

Board Members Please Note: The citations from the District Ordinance, Rules for the Pioneer Square Preservation District, and Secretary of the Interior's Standards listed below are for your consideration in addition to any other citations you find relevant in considering each application.

050124.32

Cragin and Company/ Mac's Smokehouse

1006 1st Ave S

Applicant: Ed Linardic

Proposed: Rehabilitation of existing building including rebuilding a wall
Maintain the use as restaurant or change the use to retail

ARC/ Staff report:

A historic Report was prepared in 2009 for a proposal to demolish the building and construct a new building. The proposed new construction project did not move forward but the report is provided for this project application to demonstrate that the wall proposed to be removed is not part of the original structure.

The report indicates that the building was built in 1918 but has undergone a series of alterations including in 1952 and 1953 when the building was reduced in size on the south and the east to accommodate a parking lot.

The ARC reviewed the project on April 24, 2024 and supported the proposal.

Draft Motion:

I move to recommend granting a Certificate of Approval to rehabilitate the building including to remove a non-original wall and rebuild the wall with a brick veneer, garage doors and storefront entry, structural enhancements, new roof, remove paint from the exterior and replace windows in the existing openings. The use will remain restaurant or be changed to retail.

All per the applicant's submittal.

The Board directs staff to prepare a written recommendation of approval based on considering the application submittal and Board discussion at the *May 1, 2024* public meeting and forward this written recommendation to the Department of Neighborhoods Director.

Seattle Municipal Code

23.66.030 Certificates of Approval required

Certificate of approval required. No person shall alter, demolish, construct, reconstruct, restore, remodel, make any visible change to the exterior appearance of any structure, or to the public rights-of-way or other public spaces in a special review district, and no one shall remove or substantially alter any existing sign or erect or place any new sign or change the principal use of any building, or any portion of a building, structure or lot in a special review district, and no permit for such activity shall be issued unless a certificate of approval has been issued by the Department of Neighborhoods Director.

23.66.130 Street-level uses

- A. Uses at street level in the area designated on Map B for 23.66.130 require the approval of the Department of Neighborhoods Director after review and recommendation by the Preservation Board.
- B. Preferred Street-level Uses.
 - 1. Preferred uses at street level must be highly visible and pedestrian oriented. Preferred street-level uses either display merchandise in a manner that contributes to the character and activity of the area, and/or promote residential uses, including but not limited to the following uses:
 - a. Any of the following uses under 3,000 square feet in size: art galleries and other general sales and service uses, restaurants and other eating and drinking establishment uses, and lodging uses;

23.66.140 Height

- C. Rooftop features and additions to structures
 - 1. The height limits established for the rooftop features described in this Section 23.66.140 may be increased by the average height of the existing street parapet or a historically substantiated reconstructed parapet on the building on which the rooftop feature is proposed.
 - 4. Height limits for rooftop features
 - d. The following rooftop features may extend up to 8 feet above the roof or maximum height limit, whichever is less, if they are set back a minimum of 15 feet from the street and 3 feet from an alley. They may

extend up to 15 feet above the roof if set back a minimum of 30 feet from the street. A setback may not be required at common wall lines subject to review by the Preservation Board and approval by the Department of Neighborhoods Director. The combined coverage of the following listed rooftop features shall not exceed 25 percent of the roof area:

- 1) Solar collectors, excluding greenhouses;
- 2) Stair and elevator penthouses;
- 3) Mechanical equipment;

Rules for the Pioneer Square Preservation District

III. GENERAL GUIDELINES FOR REHABILITATION AND NEW CONSTRUCTION

In addition to the Pioneer Square Preservation District Ordinance and Rules, The Secretary of the Interior's Standards for Rehabilitation with Guidelines for Rehabilitating Historic Buildings, and the complete series of Historic Buildings Preservation Briefs developed by the National Park Service shall serve as guidelines for proposed exterior alterations and treatments, rehabilitation projects, and new construction. (7/99)

Rehabilitation is defined as the act or process of making possible a compatible use for a property through repair, alterations, and additions while preserving those portions or features which convey its historical, cultural, or architectural values. (7/99) In considering rehabilitation projects, what is critical is the stabilization of significant historical detailing, respect for the original architectural style, and compatibility of scale and materials.

Building materials. The most common facing materials are brick masonry and cut or rusticated sandstone, with limited use of terra cotta and tile. Wooden window sash, ornamental sheet metal, carved stone and wooden or cast iron storefronts are also typically used throughout the District. Synthetic stucco siding materials are generally not permitted. (7/99)

Color. Building facades are primarily composed of varied tones of red brick masonry or gray sandstone. Unfinished brick, stone, or concrete masonry unit surfaces may not be painted. Painted color is typically applied to wooden window sash, sheet metal ornament and wooden or cast iron storefronts. Paint colors shall be appropriate to ensure compatibility within the District. (7/99)

Secretary of Interior's Standards

3. Each property will be recognized as a physical record of its time, place and use. Changes that create a false sense of historical development, such as adding conjectural features or elements from other historic properties, will not be undertaken.

4. Changes to a property that have acquired historic significance in their own right will be retained and preserved.

5. Distinctive materials, features, finishes, and construction techniques or examples of craftsmanship that characterize a property will be preserved.

6. Deteriorated historic features will be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature will match the old in design, color, texture and, where possible, materials. Replacement of missing features will be substantiated by documentary and physical evidence.

Issued: April 25, 2024
