

Magnuson RFP Q&A 6/1/23

<p>Can you elaborate a bit on the process and any collaborations you're looking for?</p>	<ul style="list-style-type: none">• We are casting a wide net with this RFP and we really don't have any specific outcome in mind.• We would like a wide menu of management options, including our current system.• Over the past 25 years of Magnuson Park, SPR has had a lot of successes, but there are some growth opportunities at Magnuson still.• Another piece that many people miss, that we'd like to make sure is included in this discussion, is that there are a number of landowners at Sand Point, not just SPR, and that's not always obvious.
<p>Has SPR or the City done any long-term planning for Magnuson Park? What is the status of those discussions?</p>	<ul style="list-style-type: none">• Magnuson Park does have several strategic plans, but in terms of discussions about management models going forward, that is experiential rather than part of a formal study.• We know where several gaps are - for example, neighborhood needs that require interdepartmental responses.
<p>Do you hope to contract with a set of consultants, or just one?</p>	<ul style="list-style-type: none">• Yes, we will award one contract, whether that is to a single consultant or a team at a company.• We don't have any interest in awarding multiple contracts.
