A NEIGHBORHOOD GREENWAY IS COMING TO YOUR NEIGHBORHOOD!

The following street improvements on 28th Ave NW from NW Market St to NW 77th St will begin as soon as spring 2024:

- Stop signs with stop bars on side streets intersecting the Neighborhood Greenway
- Speed humps or cushions to calm traffic
- 20 mph speed limit signs
- Minor crack sealing and patch repair with asphalt
- Tree trimming and sidewalk smoothing
- Wayfinding signs and markings

We are excited to announce that we are **starting construction on the Adams Elementary Neighborhood Greenway on 28th Ave NW as soon as spring 2024!** We will be installing the Neighborhood Greenway in stages, starting this spring and finishing in 2024.

When construction is set to begin, “no parking” signs will be placed along this street in certain locations. **Please move your vehicles during the “no parking” timeframes, otherwise it will be towed.**

Transportation

Overview

The Adams Elementary Neighborhood Greenway will provide a safer, calmer route to the places people want to go in the neighborhood and connect to the growing network of Neighborhood Greenways, trails, and protected bike lanes in Seattle. This Neighborhood Greenway has been planned in coordination with the Safe Routes to School Program and will provide a safer, more comfortable route for people walking and biking to Adams Elementary School. The planned Neighborhood Greenway route also connects to the existing Neighborhood Greenway on NW 58th Ave.

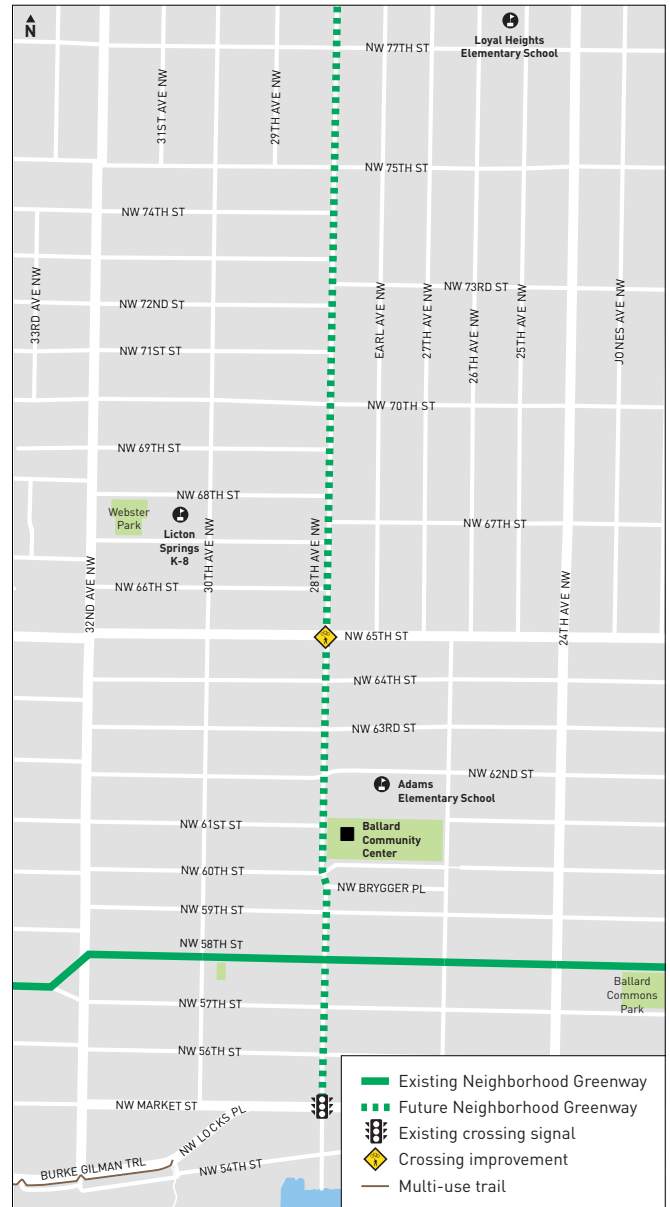

WHAT IS A NEIGHBORHOOD GREENWAY?

Neighborhood Greenways are safer, calmer residential streets for you, your family, and neighbors. We make people walking and biking the priority. The Adams Elementary Neighborhood Greenway will include speed limit signs, speed humps or cushions, minor crack sealing and patch repair with asphalt, stop signs with stop bars on side streets intersecting the Neighborhood Greenway, tree trimming, sidewalk smoothing, and wayfinding signs and markings.

WHAT TO EXPECT DURING CONSTRUCTION:

Typical construction hours are weekdays, 7 AM to 5 PM, with occasional weekend and night work. Other expected construction effects may include:

- Temporary driveway impacts
- Noise and vibration
- Dust and debris
- Construction staging and parking impacts near the work sites
- Parking impacts
- Crosswalk and sidewalk closures, and detours for people walking and biking
- Roadway closures and detours for vehicle traffic
- Changes in construction schedule due to unforeseen circumstances (i.e., weather, soil conditions, etc.)

Visit our webpage to learn more about this project and our construction schedule.
