OLYMPIC VIEW ELEMENTARY NEIGHBORHOOD GREENWAY UPDATE

During our first-quarter assessment of the 2024 budget, it became evident that inflation is affecting our large-scale project budgets more than initially expected. In response, we are focusing funds to ensure we continue making our transportation system safer, more reliable, and better connected and meeting Levy to Move Seattle commitments.

Therefore, we are pausing a handful of projects including the **Olympic View Elementary Safe Route to School & Neighborhood Greenway**. This project will resume as budget or grant funding becomes available.

What's next?

We will have a clearer funding picture in late November when the City Council finalizes the City's budget and information on project status could be available as soon as the first quarter of 2025. Communication will continue through postcards and project websites. For projects with email lists already established, we will also send information via email.
