

City of Seattle Public Utilities Notice of Rulemaking

Under the authority of the Seattle Municipal Code 3.02 and 3.32.020, Seattle Public Utilities proposes to adopt new rule CLN-250, Illegal Dumping Enforcement, and invites the public's review and comment.

This Director's Rule is intended to decrease illegal dumping, provide a convenient and clear enforcement process, and reduce Seattle Public Utilities (SPU) resources spent on abating illegal dumping. The new administrative process leads with public education followed by notice of violation process, assessment of penalties for violating SMC 21.36.400 on illegal dumping, and fair and impartial hearing of appeals. Enforcement will focus on public property, such as streets, alleys, sidewalks, planting strips and other areas in the right of way.

The full text of the rule can be found at
